Mr J POSPISIL
[REDACTED]

Dear Sir,

Further to your recent correspondence dated 10/05/84. re.
Wizzard Computer

In regards to your letter concerning games for the wizzard.

Unfortunately we cannot 'MAKE' games as you put it. We buy programs from programmers who send in their programs for evaluation and the programs you see in the stores on cassette are the best of these programs. When someone sends in a good adventure or a fast action game, you will see it on the shelf immediately. But until then the only fast action programs you will find for the wizzard will be the programs on cartridge.

Regards.

Paul Jones

Paul Jones.
Computer Products.
