Dear Sir,

Further to your recent correspondence re. Wizzard.

Unfortunately there is no way to enter machine code from the wizzard itself. The computer is only user programmable in BASIC. At the moment we are not looking at purchasing more cartridges for the Wizzard, we are however, going to be stocking a 16K memory expansion for the Wizzard. Look forward to it soon.

Thank you for your interest in our company and its products.

Regards.

Paul Jones.
