

CSL

CREATIVISION

CSL Cartridge

Updates your CreatiVision to a fully fledged computer
(compatible with the LASER 2001 / Salora Manager)

Better / faster / more versatile BASIC
(including Graphics commands)

Load all programs / cartridges / demos / homebrews

Load from any audiosource (mp3, computer, handy...)
(audiointerface is included)

Load even faster over a Bluetooth or serial connection
(needs add. interface)

Expands the CreatiVision to 32kb RAM and 16kb ROM
(add. 16kb ROM for future upgrades)

Works with all versions of the CreatiVision
(MK I, MK II, Hanimex Rameses, Funvision, ...)

Simple Plug&Play!

Serial Nr.

01
